Forgotten Eagles roll through Grayling

by Dan Sanderson
Staff Writer

About three dozen motorcycles roared through Grayling on Friday, bringing attention to veterans issues and soldiers who have never returned from the battlefield.

The Forgotten Eagles, a veteran's organization which has five chapters located across the state, took part in their annual Ride Across Michigan last week. Members of the organization made stops in all 83 counties in

the state, holding memorial services at the veterans memorials in the each county. The Ride Across Michigan culminated with the Freedom Ride, when members from the Forgotten Eagles traveled from the Loyal Riders Campground

located just outside of Houghton Lake to the Michigan Vietnam Veterans' Memorial located in Island Park in Mt. Pleasant. The goal for the Ride Across

Voters turn down historical preservation millage

Crawford County voters shelved a millage to support historical organizations in the community on Tuesday. Voters turned down a two-tenths of a mill proposal for historical preservation by a 786 no to 663 yes margin.

The millage, which would have been levied for four years, would have raised \$108,000.

The Crawford County Historical Society, Lovells Township Historical Society, Wellington USA, the Grayling Fish Hatchery and Michigan Museum of Military Transport would have been eligible to apply for the funds for specific projects.

Members from the Michigan Museum of Military Transport initially approached the county regarding placing the millage on the ballot. The museum is seeking to purchase the former

Grayling City/Township Fire Department Building.

The Crawford County Historical Society is seeking funds to renovate its museum building downtown, give the caboose a facelift and preserve the museums artifacts.

The Grayling Fish Hatchery Steering Committee is seeking funds to continue with efforts to restore the fish hatchery building.

Under a drafted policy, the county board was set oversee the distribution of the grant funds on a case-by-case basis, similar to the grant program established to address environmental issues in the county.

The millage approval would have meant a person with a home worth \$100,000, that has a taxable value of \$50,000, would have paid an added \$20 in taxes per year.

Huge land deal proposed for theme park

by Dan Sanderson

A Rochester-based entertainment firm has been negotiating with state officials to acquire an entire swath of land that has been set aside for commercial and industrial growth for a possible theme park.

Rumors of the proposed theme park have been swirling around the Grayling community before the snow melted in the spring.

Dave Freed, chief of land and facilities for the Michigan Department of Natural Resources (DNR), confirmed that he signed a letter of intent in June with Axiom Entertainment, a Rochester-based firm, which is seeking a two-year option to buy state owned land located north of Four Mile Road off of I-75.

Council OKs appraisals for apartment tax dispute

by Dan Sanderson
Staff Writer

Grayling City officials are gearing up for a tax fight with the owners of subsidized housing for seniors and low income renters.

The Grayling City Council, at its regular meeting last week, agreed to pay \$6,000 to have commercial appraisals done on the Whispering Pines and Grayling Pines apartment complexes located behind K-Mart.

The owners of the apartments, P J Grayling Family Apartments and P J Grayling Senior Apartments, limited liability corporations based in Okemas, have appealed their property tax assessments from 2002 to 2006 with the state tax commission.

The Whispering Pines Senior Apartments is a 24-unit apartment complex. The Grayling Pines Apartments is a complex which includes two units of 24 apartments each, made available to people with low incomes. Both complexes were built in 1998 and developers received federal tax credits from the Michigan State Housing Development Authority.

Christie Verlac, the city tax assessor, has the Grayling Pines Apartments appraised at

\$500,000. The Whispering Pines apartments are valued at \$400,000.

Appraiser Kenneth Arndt will assess the property for the city.

"We need to have the appraisals done so we can back our assessments with the state tax commission," said Michele Moshier, Grayling city clerk and interim city manager.

Verlac has been working with an attorney representing the apartment owners and gathering research on past tax breaks given for the housing development.

"Hopefully, we will come out on the better end of this, because this effects the schools, it effects the county, it effects everybody," she said.

Peter Potterpin, owner of P J Grayling Family Housing and P J Senior Housing, said developers believe the tax assessments should be based on the local market for senior and low-income housing and not assessed like a traditional commercial property since their is little return on the investment.

"Any brakes we get go directly back to the residents because we don't have to raise rents to pay property taxes," Potterpin

Bridge Removed

The footbridge over the AuSable River in the Grayling City Park was removed by contractors on Tuesday. The bridge will be replaced with a bridge that will be American Disability Act compliant, which will be lower to the river to address liability concerns of kids jumping from the bridge. Grayling received a \$348,975 Michigan Department of Natural Resources (DNR) recreation grant for the park improvements. Other parks improvements include adding a boardwalk along the AuSable River in the park, building a fishing pier and creating a canoe and kayak launch. The former Crawford County Library building, which is owned by the city, will be renovated so that public rest rooms are available on the main floor of the building. A community meeting room space will also be created in the building, which will house recreational and historical interpretive displays.

Michigan safety belt use rises again

For the fifth consecutive year, safety belt use has increased in Michigan, with the latest direct observation survey showing that 94 percent of motorists and their front seat passengers buckle up, according to the Wayne State University Transportation Research Group.

This is the highest rate ever recorded in the state, and puts Michigan among the highest belt use states in the country.

The survey took place following the statewide *Buckle Up or Pay Up/Click It or Ticket* safety belt enforcement mobilization. This year's campaign introduced new TV ads, including a spot aimed at high school teens, as well as an additional week of enforcement in more rural areas of the state.

"The continual increase in safety belt use is heartening news," said Col. Peter C. Munoz, director of the Michigan State Police. "This mobilization is a brief but massive effort to remind motorists of the importance of buckling up. I have no doubt this increase will save lives and spare others the pain of a serious injury."

The official figure was derived from trained observers who measure safety belt use from locations throughout the state. More specific and detailed survey information will be available in six to eight weeks.

Safety belt use rates vary across the country. Last year, Hawaii had the highest rate at 95.3 percent and Mississippi the lowest with 60.8 percent. As of 2005, Michigan was the only state east of the Rockies with a belt use rate of 90 percent or greater.

Michigan experienced a significant increase in safety belt use in 2000 when the state's primary enforcement law took effect. Belt use went from 70 percent with a secondary enforcement law to 83.5 percent that year. Belt use dipped slightly in 2001 but has increased every year since 2002.

Forgotten Eagles roll through Grayling

Continued from Page 1A

Michigan is to raise funds for the Michigan Veterans Trust Fund, a fund administered by the Michigan Department of Military and Veterans Affairs which helps veterans who experience medical or financial hardships.

Kim "Stub" Welter, vice president for the Forgotten Eagles Chapter Three, based in Mt. Pleasant and a Vietnam Veteran, was among the group of riders who stopped at the American Legion veterans memorial located in front of the Crawford County Courthouse for a memorial service. The stop was one of the 17 made by the group over a two-day period.

"It's an honor and privilege to make this run," Welter said. "We make this run to make sure our veterans are not forgotten"

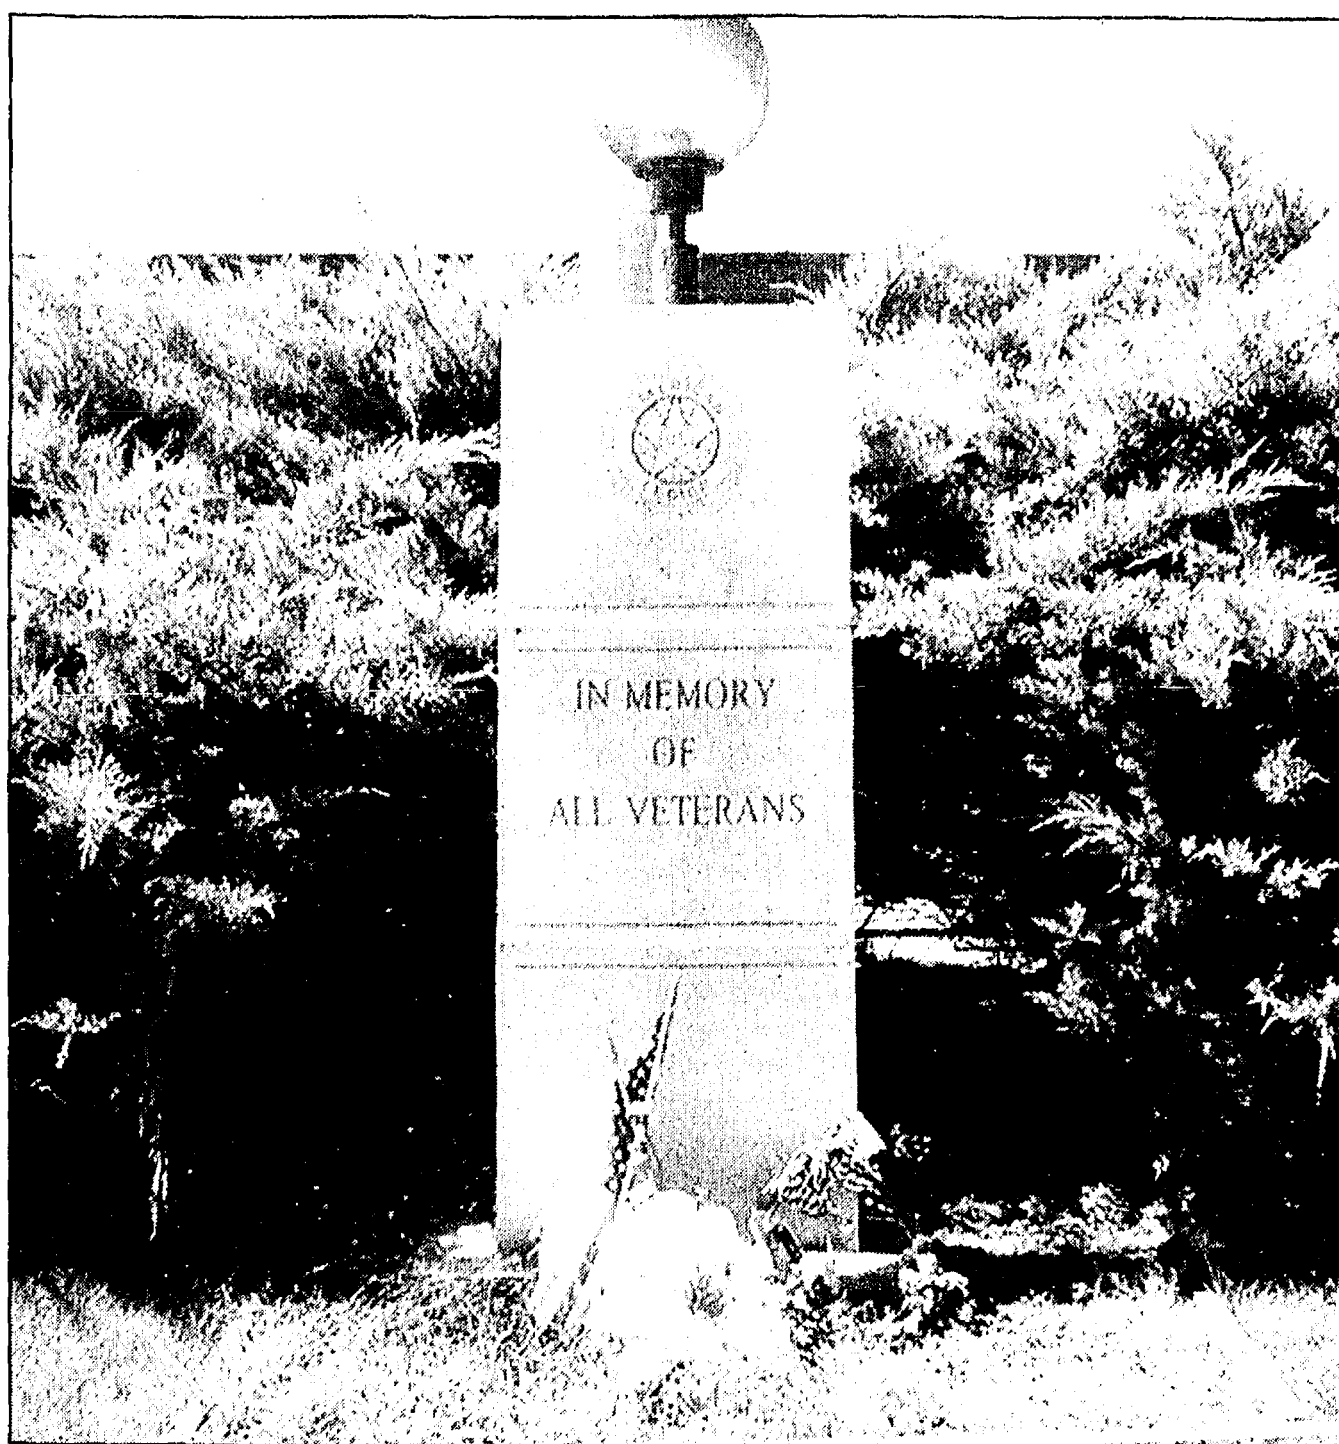

Gary Bauer, a Forgotten Eagle member who served three tours in Vietnam, said taking part in the Ride Across Michigan helps him deal with post traumatic stress disorder.

"It's very therapeutic and helps keep my head out of the jungle," Bauer said.

The Forgotten Eagles hoped to raise \$15,000 this year, which will go to the veterans trust fund and to help support veteran homes located in Grand Rapids and Marquette.

"They're keeping veterans issues in the public eye and every contribution helps," said Hugh Hess, chief of staff for the Michigan Department of Military and Veterans Affairs, Veterans Affairs Directorate.

The mission of the Forgotten

Members of the Forgotten Eagles held a memorial service at the American Legion veteran's monument located in front of the Crawford County Building on Friday.

Eagles is to bring awareness to POW/MIA issues and to advocate for the accounting of all American POW/MIAs to the fullest extent possible. The group also strives to promote the physical and cultural improvement, growth and development, self-

respect, self-confidence and usefulness of American's disabled and needy veterans, their dependents and the orphans of deceased veterans. Finally, the Forgotten Eagles participate in community service projects and help other non-profit organiza-

tions with similar interests.

The Forgotten Eagles hosted a barbeque for veterans, their families and staff at the Veterans home in Saginaw in June. The organization gathers socks and toiletries for veterans at their monthly meetings.

Witnesses at the scene told police that they saw a tan colored 1995 Buick Roadmaster exit I-75 southbound to Four Mile Road, traveling at a high rate of speed as it approached the intersection. The driver, Byron Thomas, 73, of Houghton Lake, failed to stop, hit the stop sign, crossed Four Mile Road, went airborne, crossed the ditch and collided head on into three oak trees.

Houghton Lake couple killed off of I-75 exit

An elderly Houghton Lake couple died on Monday as a result of injuries sustained in a traffic crash which occurred at the Four Mile Road exit off of I-75.

Crawford County Sheriff's Deputies were dispatched to the traffic accident at 2:50 p.m. on Monday, Aug. 7.

Witnesses at the scene told police that they saw a tan colored 1995 Buick Roadmaster exit I-75 southbound to Four Mile Road, traveling at a high rate of speed as it approached the intersection. The driver failed to stop, hit the stop sign, crossed Four Mile Road, went airborne, crossed the ditch and collided head on into three oak trees.

Upon arrival, the driver of the car, Byron Thomas, 73, was found to be deceased. His wife, Goldie Thomas, 78, who had been a back seat passenger, was ejected from the vehicle and was also deceased at the scene. The couple was not wearing seat belts, and accident investigators believe their lives may have been saved had they taken the

safety measure.

The couple's daughter, Charlotte Koshorek, 55, was a front seat passenger and was wearing a seat belt. She was transported to Mercy Hospital Grayling by Mobile Medical Response EMS. Koshorek sustained facial contusions, abrasions and a possible broken arm. She was listed in stable condition on Tuesday. Her son Zachary M. Koshorek, 12, and the grandson of the deceased couple, was a back seat passenger and was also wearing his seat belt. He was transported by EMS to the hospital with cuts and bruises and was listed in stable condition.

Accident investigators believe that Thomas became confused by the signs on I-75 and thought he was merging onto US-127 south of Four Mile Road, rather than exiting onto the Four Mile exit ramp. Charlotte Koshorek attempted to alert her father to slow down as they approached the intersection, but it was not in time to stop the vehicle.

This is the third accident at this location within the past

three years resulting in fatalities with similar circumstances. The last accident occurred November 20, 2005, when Ralph Greenisen, 82, from Bryan, Ohio was killed. His vehicle exited I-75 at a high rate of speed, crossed Four Mile Road, went airborne across the ditch and collided with the ground. Greenisen died later at Mercy Hospital Grayling, but told the first deputy on the scene that he thought he merged onto US-127 southbound.

According to the Crawford County Road Commission, the Michigan Department of Transportation has examined the signage at this location and feels it is proper with no need for any changes.

Beaver Creek Township Fire and Rescue personnel assisted deputies at the scene.

Who's paying for record high oil profits?

MICHIGAN MOTORISTS are sure to have noticed that the price of gasoline at the pump is at an all time high.

Is it pure coincidence that profits at the big oil companies also are at record or near-record levels?

With gas prices more than \$3 a gallon and it costs \$50 or so to fill a normal-sized gas tank with regular gas, it's getting downright dear to drive anywhere these days.

Meanwhile, Exxon profits are up 36 percent higher than a year ago for the same period and hit \$10.36 billion for the first quarter of the year. That's billion spelled with a "B" and that's for a 39 week period.

Conoco Phillips was up 65 percent and \$5.2 billion over last year's first quarter, Royal Dutch Shell up 40 percent at \$7.3 billion, and BP was a piker at only a 30 percent boost for \$7.3 billion.

The reason for huge profits, we are told, is simple: Supply and demand.

Supply of oil is low, demand of consumers is high, so costs to those who use

oil products go up and profits of those who provide the product escalate, too.

Who provides the money? The consumer, of course all of us who buy gas at the pump. It doesn't matter who supplies the gas either. Prices fluctuate only within a penny or so at every gas station in town, with changes everywhere practically at the same moment.

I GUESS I don't understand high finance or the oil business. Why can't the big supplying companies ease up on their profits a bit and provide relief at the pump? The reason, of course, is greed, couched in more refined terms: Research and development.

But I do understand politics a bit. So I continue to wonder why can't our government somehow step into this picture and coerce the supplying companies to balance the scales a bit with some relief for the consumer?

That's something most of us who drive and pay can not understand

except for our national dedication to the free enterprise system.

Oil prices rose last week, according to one published report, because "a crisis summit in Rome ended without an agreement for an immediate cease-fire to end the conflict between Israel and Hezbollah."

Does that mean gas prices will go down if and when a cease-fire is achieved? Don't bet on it.

Instead, be prepared for another hike for another reason. BP revealed the other day that it found a rusted section of pipeline in Alaska, which must be closed for a while to repair the problem; the interruption will limit supply even further, so prices may have to rise at the pump again.

Is all this inevitable? Seems so. The only escape would be to increase supply or reduce demand, or both. Under free enterprise, the law of supply and demand cannot be repealed.

SADDAM CHOICE - These days,

he's almost a footnote to the continuing saga of political developments in the Middle East, but Saddam Hussein still pops into the spotlight every now and then.

His formal trial in Baghdad continues, despite a hunger strike which resulted in feeding him through a tube.

Saddam also had advice for his judge. If he is found guilty and sentenced to death, he told the court, he wants to be shot by a firing squad and "die like a soldier" rather than die on the gallows like a "common criminal." Executions in Iraq normally are by hanging.

Well, Saddam was never a common criminal; he was a very special one.

If Saddam is convicted and sentenced to death, as is likely, my advice to the judge would be to let him have his choice of firing squad or noose.

That would show him how a real democracy would work in Iraq.

GOLF QUOTES - Thanks to an internet friend, here are a few interesting

comments about the game of golf:

• The people who gave us golf and called it a game are the same people who gave us bagpipes and called it music.

• Lee Trevino: "Columbus went around the world in 1492. That isn't a lot of strokes, when you consider the course."

• John Updike: "Golf appeals to the idiot in us and the child. Just how child-like golf players become is proven by their frequent inability to count past five."

• P.G. Wodehouse: "The least thing upsets him on the links. He missed short putts because of the uproar of butterflies in the adjoining meadows."

• Bob Hope: "If I'm on the course and lightning hits, I get inside fast. If God wants to play through, let him."

WASHINGTON NOTES

By Carl Levin, U.S. Senator (D-Michigan)

Ethanol Should Fuel Michigan's Future

Over the past few months, I have been meeting with researchers at Michigan universities who are working on the next generation of ethanol fuels and visiting Michigan gas stations that sell a fuel made with 85 percent ethanol called E85. These visits have left me more convinced than ever that investing in ethanol is critical for our national security, our environment, and for Michigan's economy.

Ethanol is an alternative to gasoline that is made from agricultural products. Until recently, most ethanol has been made from corn, but scientists have found even greater energy potential in cellulose, which is present in corn stalks, waste from paper production, switchgrass, wood waste and other agricultural byproducts. According to many experts, we have enough such biofuel in our fields and forests right now to replace a significant amount of the oil we currently import.

Using ethanol in a car is very similar to gasoline, and moving to ethanol as our primary fuel source would be relatively easy. Every car sold in America is already able to run on a blend of 90 percent gasoline and 10 percent ethanol, and much of the gasoline is so blended. And there are six million vehicles on the road today that are "flex-fuel" cars, capable of running on either gasoline or E85. We can easily manufacture a large num-

ber of flex-fuel cars within a few years at a relatively low cost, perhaps \$100 a car. Ethanol is not a pie-in-the-sky plan; it is very realistic.

Making ethanol from cellulose, however, will require a few technological breakthroughs. Researchers across America and in Michigan - at Michigan State University, Michigan Technological University, Wayne State University, NextEnergy, and other institutions - are hard at work on the challenge. One estimate is that we need to invest about \$1 billion in basic research on ethanol over the next 4-5 years to solve these problems and make cellulose-based ethanol a viable competitor to gasoline. To put that amount in perspective, we spend more than that in a week in Iraq.

We not only need breakthroughs in ethanol production, but we also need to ensure that ethanol is available to drivers on the road. Less than five percent of flex-fuel vehicles on the road today actually use ethanol because it isn't available at 99 percent of gas stations. Some oil companies may not cooperate because they view ethanol as a competitor to their highly profitable gasoline. I have visited several of the dozen or so stations that sell E85 in Michigan. These stations are leading the way, and we need to encourage or insist that oil companies promote or at least tolerate other stations following their

lead.

Investing in ethanol would be money well spent. Today, the oil exporting countries of the Middle East have us over a barrel because we depend on them for the oil that our economy runs on. They have a hammerlock on American drivers, who have no alternatives to high-priced gasoline. We could make huge strides toward becoming energy independent by combining a massive effort on ethanol with other technologies such as hybrid cars and advanced diesel technologies.

Moving toward an ethanol economy would have other benefits as well. Switching from oil to ethanol will reduce our impact on the environment and will slow changes to our climate that will otherwise threaten our future. With new technology to produce ethanol from cellulose, we could reduce carbon dioxide emissions by 70 percent.

Michigan should be at the forefront of this effort. We have long been the automotive leader of America and the world, and we need to be at the vanguard of this new technology. U.S. automakers are ahead of their competitors in both the research and the production of vehicles that can run on 85 percent ethanol. This technology will be in great demand worldwide as other countries work to kick their oil habits.

If Michigan takes advantage of this golden opportunity, ethanol could be a key part of enhancing our security and revitalizing our manufacturing industry as well as reducing the amount of climate changing carbon dioxide that enters the atmosphere.

Carl Levin is the senior U.S. Senator from Michigan.

EDITOR

We are now at a turning point for a new city manager

To the editor,

I was introduced to Grayling in 1953. Every summer and sometimes in the winter for many years, my family had the opportunity to use a cabin on Stephan Bridge Road. It was unique. No running water, electricity or inside plumbing. Using the outdoor in the winter was not pleasurable but dashing up the path to get back to the potbelly stove was a real treat. Through the years my love for Grayling grew and I opened my first business in 1972, in the Grayling Mini Mall. Following the Back Porch Floral and Gifts, the Hallmark Shop came into being. During my five-year history in the mall, merchants Bill Joseph, Nels Olson, Larry McNamara, Jim Bourie, Jim Shepler and bank president Jack Alef all encouraged me to relocate my business to Michigan Avenue.

Michigan Avenue was bustling with excitement in 1977 when Flowers By Josie made the move

to the present location. As in many small towns, we have seen many changes. We have been on the high mountain and low in the valley. My faith in those who tirelessly are working to make Grayling the best "Damn Little Town in Northern Michigan," have my greatest respect. We are now at a turning point when a new City Manager will be chosen. I trust that the city council will give much thought and discussion to the candidate that I believe will lead the City of Grayling in a fair and prosperous way, Kay Cosgray.

Kay Cosgray brings experience and talent to Grayling. I am aware of her many accomplishments. After earning a bachelors degree from Ferris State University, Kay became office manager in her family owned business and served in the Michigan Legislature as a state representative. Mrs. Cosgray has worked tirelessly on many projects throughout our community

and has demonstrated first class leadership. I appreciate, respect and trust in her ability to listen to all sides before making a decision.

In addition to her experience, Kay offers Grayling the opportunity to work with a competent professional who follows through on what is decided. She communicates effectively and will not be overwhelmed by the significant challenges we must face to be successful as a community. She is a practical realist who places a value on the character, history and commitment to Grayling and business owners. Kay is smart and has the ability to work creatively with all concerned to revitalize our uptown district, so it will again thrive as a center of pride for local residents and attract others as a desirable destination.

Writer is sad to see building coming down

To the editor,

It was with very mixed feelings that I read the article in the July 13 edition of the Crawford County Avalanche about the old Hanson's Cafe building.

I have felt very sad every time I visit Grayling, to see the deterioration in the one block of Michigan Avenue from the hotel to the signal light on the north side of the street. My parents, Frank and Emma Bennett owned and operated the Hanson's Cafe from the mid 1930's to the mid 1950's. There were two nice

apartments over the restaurant and our family lived in one. Larry McNamara was right when he said that a man named Claude Cardinal, wife Clara, and their daughter, Wanda, lived in the other apartment. Claude was a local house painter and wallpaper man who did love his ball games and ice fishing in the winter. I believe his nickname was "Weedfed".

Tony Grass was the barber in the adjoining Barber Shop and soon after my parents took over the restaurant, Burton

McWilliams owned and operated the Barber Shop for many, many years.

So again, with many mixed feelings, I feel sad to know the building is coming down but I also see the need to greatly improve the street. Grayling has so much to offer with all its outdoor recreation, friendly residents, and businesses etc.

Here's hoping that section of Michigan Avenue will be alive and vital once again.

NEMSCA offers fuel assistance for low income households

Northeast Michigan Community Service Agency (NEMSCA) has funding available for deliverable fuels for low-income households in Alcona, Alpena, Arenac, Cheboygan, Crawford, Iosco, Montmorency, Ogemaw, Oscoda, Otsego and Presque Isle counties.

For propane or fuel oil: Fuel in tank must be at 25% or below or the provider must be threatening to lock the tank or remove the fuel

for non-payment of a balance owed. For firewood: firewood must be primary heat source and supply must be extremely low. Household income cannot exceed 150% of the federal poverty guidelines.

NEMSCA is a private, non-profit agency and is governed by a 33-member board.

For more information, call Beth at 989-471-3277 or toll-free 1-866-270-0686.

Lady of the Woods to hold pilgrimage

Our Lady of the Woods Shrine in Mio annually calls people to come and pray with them for the church on Aug. 15. It is a major feast of the church devoted to Mary, the feast of her Assumption.

This year they will gather at 10:30 a.m., and start with a Rosary Procession at 11 a.m. followed by Benediction. A lunch period will follow, that will allow participants to visit the shrine, visit the gift shop, receive the Sacrament of Reconciliation, and pray. Box lunches will be available. The outdoor Eucharistic Liturgy under a tent in front of the shrine will begin at 1:30 p.m. Fr. Donald Libby, recently ordained and returning from Rome, will be the homilist this year. The parish choir will provide music. All are invited to join.

Shrine construction began in July 1953. The shrine is approximately 100 ft long, 36 feet high and incorporates major catholic shrines from France, England, Mexico, Portugal,

Canada, and Poland. Constructed of native Michigan materials the shrine includes thousands of tons of Onaway Stone. The graceful pyramid shape of the shrine extends welcoming arms, inviting visitors to explore the landscaped grounds and the quiet niches and grottos honeycombed throughout the structure.

Our Lady of the Woods Shrine, built with donations of labor and materials from Catholics and non-Catholics, embodies the prayers and hopes of residents and visitors. The shrine beckons all to take time to appreciate the goodness of creation and creator.

St. Mary Church and Our Lady of the Woods Shrine can be found in Mio, on M-72 just west of the M-33 intersection. Pilgrimages and special tours may be arranged by appointment.

Hospital offers t'ai chi, yoga and walks

Meditative walks in a labyrinth, the slow dance-like movements of t'ai chi ch'uan, and the postures and breathing techniques of Hatha Yoga are part of Mercy Hospital Grayling's educational offerings in August.

Sister Jean Umlor, RSM, will lead the labyrinth walks at the hospital's seven-circuit labyrinth. The labyrinth is a meditative walk on a path that dates back 4,000 years. Mercy's labyrinth duplicates one found in ancient caves on the island of Crete. Walks will include orientation to the labyrinth. Each Wednesday Sister Umlor will offer a different theme. There will be time for journaling and sharing experiences from the walk.

T'ai chi ch'uan and chi kung are gentle, continual movements that relieve muscles, calm the mind, improve balance and coordination, and renew the spirit. Instructor Kaye Thomas-Hogan will lead the classes as well as sessions in Hatha Yoga. Yoga participants are asked to bring a mat and wear loose clothing. They also are advised not to eat prior to sessions.

Each labyrinth walk begins at 3 p.m., tai chi at 4 p.m. and yoga at 5 p.m. Suggested donation for five Wednesday labyrinth walks is \$10. The cost for five weeks of tai chi or yoga is \$20; and five weeks of tai chi and yoga, \$30.

To register contact the hospital's Education Department at (989) 348-0888. Classes will be held in the Healing Garden and in the case of inclement weather, in the Crawford Room.

A Gold Mine in Bedroom Drawers

Newsire: People are selling their old scrap gold that is gathering dust for its cash value because gold prices are so high. With the price of gold at a 25 year high (over \$650.00 per ounce), it makes sense. ScrapGold.com, a gold recycler, offers free insured recycle kits so people may cash in their scrap with 24 hour service and guarantee satisfaction. They accept

broken and outdated items like chains, charms, rings and more. "Everyone has bits of gold just lying around which can be turned into cash" says Richard Zakroff, VP of marketing. "Even old dental gold has value." ScrapGold.com processes over 10,000 recycle Kits per month. People can get a free GoldKit at 1-800-283-4700 or ScrapGold.com.

The Bible Speaks

God's View Of Humans

From Romans 1:19 through Romans 3:8 God has proven all Pagans, all Moralists, and all Religionists to be equally guilty of sin before a Holy God and under His wrath. This conclusion is stated in Romans 3:9: "What then? are we better than they? No, in no wise: for we have before proved both Jews and Gentiles, that they are all under sin." As Isaiah 65:5 rebuked such hypocrisy: "Which say, Stand by thyself, come not near to me; for I am holier than thou. These are a smoke in my nose, a fire that burneth all the day." God hates self-righteous people who think they are better than others.

Now God's words from Old Testament scriptures are quoted to confirm God's view of the human heart has not changed. Romans 3:10: "As it is written. There is none righteous, no, not one." This truth was taught in Psalm 14:2,3: "The LORD looked down from heaven upon the children of men, to see if there were any that did understand, and seek God. 3They are all gone aside, they are all together become filthy: there is none that doeth good, no, not

one." The person of no human being appears righteous in the eyes of a Holy God. As Jer. 17:9 states: "The heart is deceitful above all things, and desperately wicked: who can know it?"

Next God uses Old Testament scriptures to confirm His view that the mind and will of humans is sinful and depraved. He says in Romans 3:11: "There is none that understandeth, there is none that seeketh after God." God stated this truth in Psalm 53:2,3: "God looked down from heaven upon the children of men, to see if there were any that did understand, that did seek God. 3 Every one of them is gone back: they are altogether become filthy: there is none that doeth good, no, not one." Israel was taught this by God in Jeremiah 4:22: "For my people is foolish, they have not known me; they are sordid children, and they have none understanding: they are wise to do evil, but to do good they have no knowledge." God spoke also through the prophet Hosea in 4:6: "My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children."

Finally God reminds them that

human ways and works are sinful and depraved. He said in Romans 3:12: "They are all gone out of the way, they are together become unprofitable; there is none that doeth good, no, not one." God had said in Psalm 14:3: "They are all gone aside, they are all together become filthy: there is none that doeth good, no, not one." As Eccl. 7:29 states: "Lo, this only have I found, that God hath made man upright; but they have sought out many inventions." Isaiah 53:6 says: "All we like sheep have gone astray; we have turned every one to his own way; and the LORD hath laid on him the iniquity of us all. As Ephesians 2:8-10 says: "For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: 9Not of works, lest any man should boast. 10For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them." Each of us is either a sinner under God's wrath, or a sinner saved by God's grace. Pastor "B"

Blaauw, Laurent wed

Brooke Blaauw and Jim Laurent

Brooke Blaauw and Jim Laurent, of Grayling, were united in marriage on June 17, 2006 at St. Michael's Catholic Church in Roscommon. The ceremony was officiated by Father Anthony Citro.

Brooke is the daughter of Jed and Mary Kay Blaauw.

Jim is the son of Anita Laurent and the late James Laurent Sr.

Brie Blaauw of Pickford, sister of the bride, served as Maid of Honor. Jenny Swander and Sarah Amman both of Grayling, Brion (Davis) Thompson of Traverse City, Dawn Dillion of Ottawa Lake and Carrie Mickey of Dundee, served as bridesmaids. Guilianna Cascardo and Ariana Cascardo served as junior bridesmaids and Nina Cascardo

was the flower girl.

Mike Barr of Grayling served as Best Man. Chad Swander, Tim Zigilia, Jack Millikin, and Fred Fisher all of Grayling, and Jeremiah Blaauw of Marquette, brother of the bride, served as groomsmen. Matt Smith and Mike Hartman both of Roscommon served as ushers. Parker Learman, nephew of the bride served as ring bearer.

Following the ceremony, a reception was held at the Camp Grayling Officer's Club. The couple honeymooned in Jamaica.

Brooke is employed as a school social worker for COOR ISD. Jim is employed as a physical therapist for Dynamic Physical Therapy.

Frederic Fun Day

The second annual Frederic Fun Day kicked off last Saturday with a parade (top left). After that, it was time for a fun filled day with games including tricycle races (top right) and the opportunity to toss water balloons at local celebrities, including Sheriff Kirk Wakefield (bottom left). Contestants also gathered for the Little Miss and Little Mister Frederic Pageant (bottom right). McKenzie Nelson was crowned Little Miss Frederic, while the new Little Mister Frederic is Brandon Gabriel, Jr.

St. Michael's Youth Ministry reaches out to Katrina victims

A team of young people and adults from St. Michael's Catholic Church in Roscommon spent 10 days of their summer vacation reaching out to children and families struggling to overcome the devastation caused by hurricane Katrina. Over the past several months they have prepared for this service experience through a variety of educational and fund raising activities.

The team participated in a project called Young Neighbors In Action. This summer, Young Neighbors will involve 2500+ participants in providing service to poor children and families in 19 states spread throughout the United States, along the Mexican border, along the Gulf coast, and in Canada.

On July 7, 14 youth and three adults loaded two vans donated

by Scott McNamara Ford and Nester Chevrolet and headed to Kiln, Miss. The team stayed at Camp Coastal, a "temporary" camp set up for volunteers involved with hurricane Katrina relief. For seven days the team from St. Michael's worked in and around the Bay St. Louis area of Mississippi, which is where the eye of hurricane Katrina hit. "Evidence of the 30-foot wall of water that came ashore as a result of hurricane Katrina was still apparent everywhere in the Bay St. Louis area," stated Bill Jasper, coordinator of Youth Ministry at St. Michael's. "Thirty miles of beachfront homes and businesses were completely destroyed from Bay St. Louis East to Biloxi, Miss.," Jasper stated.

The team from St. Michael's

worked at several locations during the week doing everything from tearing out carpeting and flooring destroyed by water to building a shed so the residents have a place to store their possessions. The team even assisted the Lutheran Church in town who was preparing to re-dedicate their church the next day. "It's hard to describe the devastation that was caused by hurricane Katrina and continues till this day," explained Jasper. "It was a wonderful feeling to bring a little light into the lives of those who have almost given up hope, families who have lost their homes, their jobs, and their possessions. There were no homecoming festivities or football games for the high school students. All the things we take for granted, they had taken away."

"This was an experience that has made a lasting impact on all of us. I am so proud of the entire team who worked hard everyday in the 95-degree temperatures with 95 % humidity. They overlooked their discomfort because they saw the pain and suffering being experienced by those around them and wanted to help," said Jasper.

Active Chiropractic opens in Grayling

by Matt Seager
Staff Writer

An adjustment can be a good thing. In the world of chiropractic, an adjustment to the back or neck can be just what the doctor ordered.

In the case of Grayling's newest chiropractic clinic, Active Chiropractic, the adjustment took place when Dr. Suzanne Toupin closed down Toupin Chiropractic to focus on work elsewhere.

Dr. Laurie Woodruff, who has been Toupin's associate since 1996, took over in the same location on 1406 I-75 Business Loop, across from St Mary's Catholic Church. As of July 1,

Toupin Chiropractic has been replaced by Active Chiropractic, Grayling's newest medical practice.

"It's really exciting to be able to determine the best care for the patients," said Woodruff.

There are more changes in the office than just the new management.

"We've lowered all of our prices," said Woodruff. She added that the office has expanded its operating hours to be open five days a week.

The office has also expanded upon its menu of programs and treatments. They now offer both manual adjusting and computerized treatment.

"A lot of older patients are more comfortable with the computer adjusting," said Woodruff. The office also has spinulator and aqua massage facilities. There has been a staff expansion as well.

"It's new to have the massage therapist on a regular basis and the reflexologist is new," said Woodruff.

Ray Thomas-Hogan is the resident reflexologist, while his wife Kaye is the massage therapist.

Regular patients will be happy to know the other elements of the staff have remained unchanged since the days of Toupin Chiropractic, including the presence of secretary Melissa Beckett.

"She's the world's greatest office manager," said Woodruff.

Woodruff also has some long term plans for the improvement of the clinic. She is already in the midst of assembling a medical resource library for patients who would like to know more about a wide variety of conditions.

She is also preparing to offer regular health seminars on topics that go beyond chiropractic.

"We're going to have different classes, like exercise classes for senior citizens and exercise programs," said Woodruff.

This is all part of Woodruff's plan to do whatever she can to care for her patients.

"The idea is to prove whatever we can in choices and different kinds of treatments," said Woodruff.

She has already gotten plenty of positive feedback.

"Some of the patients have had good results and have been referring us to their friends and families," said Woodruff.

For her, positive feedback is its own reward.

"It's a boost in confidence and my belief that you're really helping people."

Officers cracking down on drunk drivers during end of summer enforcement blitz

To ensure the safety of motorists taking advantage of summer's final travel weeks, law enforcement officers across Michigan are stepping up enforcement during a statewide drunk driving blitz.

From Aug. 18 through Sept. 4, more than 500 Michigan law enforcement agencies are participating in the *You Drink & Drive. You Lose.* drunk driving crackdown. This effort includes the Labor Day holiday weekend, which typically marks the end of summer.

The Michigan Office of Highway Safety Planning (OHSP) is coordinating the enforcement effort by providing federal traffic safety funds to nearly 230 agencies in 55 counties to boost patrols in selected areas and by funding paid advertising to ensure widespread awareness of the crackdown.

"No matter what you drive - a car, truck, SUV or motorcycle - if you're caught driving drunk, you will be arrested," said Michael L. Prince, OHSP division director. "Over the coming weeks, Michigan's law enforcement community will be out in force looking for and arresting drunk drivers."

During last year's Labor Day *You Drink & Drive. You Lose.* crackdown, more than 3,200 motorists were arrested for alcohol-related offenses.

In spite of the progress that has been made to reduce drunk driving, approximately 35 percent of all traffic fatalities in Michigan still involve alcohol and/or drugs. In 2005, 408 people died and 7,982 were injured in alcohol and/or drug related crashes on Michigan roadways.

Over the 2005 Labor Day holiday weekend, 14 people died in Michigan crashes. Five of those fatalities involved alcohol, according to the Michigan Department of State Police,

Criminal Justice Information Center.

Motorists are reminded that if they catch a buzz, they should catch a ride, because the penalties are not worth the risk. Those convicted of a first drunk driving offense face:

- Up to 93 days in jail.
- Up to a \$500 fine.
- Up to 360 hours of community service.
- 6 points on a driver's license.
- Up to 180 days' license suspension.

In addition, convicted drunk drivers will be subject to a \$1,000 fee for two consecutive years, for a total of \$2,000 in additional costs. Anyone who refuses a breath test the first time is given an automatic one-year driver's license suspension.

Police departments, sheriff's offices and Michigan State Police posts in the following counties will receive federal traffic safety funding for over-

time patrols in this crackdown: Allegan, Alpena, Barry, Bay, Berrien, Calhoun, Cass, Charlevoix, Cheboygan, Chippewa, Clinton, Delta, Dickinson, Eaton, Emmet, Genesee, Gogebic, Grand Traverse, Hillsdale, Ingham, Ionia, Iron, Isabella, Jackson, Kalamazoo, Kent, Lapeer, Lenawee, Livingston, Mackinac, Macomb, Manistiquette, Mason, Menominee, Midland, Monroe, Montcalm, Muskegon, Oakland, Oceana, Ogemaw, Otsego, Ottawa, Roscommon, Saginaw, St. Clair, St. Joseph, Sanilac, Schoolcraft, Shiawassee, Van Buren, Washtenaw, Wayne and Wexford.

Where Can You Learn to Repair All of These?

Outdoor Power Engine Technicians are in Demand!

There are lots of these in Northern Michigan, but a shortage of people who know how to repair them. M-TEC at Kirtland-Gaylord is now offering an Outdoor Power Engine Repair Program. You'll learn how to repair both 2- and 4-stroke engines. And you can go as far as you like - earn a certificate or an associate's degree and even prepare yourself for national certification.

Outdoor power engine technicians are in demand! You can get the skills you need for this rewarding industry at M-TEC, Kirtland's state-of-the-art facility that provides training for today's jobs. For more information call 989-705-3600. Call today!

Summer Reading program comes to an end

The Summer Reading Program at the Crawford County Libraries came to an end with Paws, Claws, Scales and Tales going out in style with two big events: Animal Pallozoa Finale Costume Party and walking in the AuSable River Festival Parade.

The "Animal Pallozoa" finale costume party featured an original play by local theatre group, Acting Up! The plot of a pet shop owner who entrusts the pets to a fill in employee while the owner went on vacation supplied lots of laughs for the audience and emphasized how reading can be helpful in situations when you don't know what to do. Be assured that in the end, it all turned out right when you "Just Read".

Sandy Moore, Crawford County Clerk was present at Animal Pallozoa to draw the names of the four winners in the Summer Reading Grand Prize drawing. She was astounded in the record number of young readers who enrolled and finished the program this year. The winners were: Junior Boy, Roger Hall Walsh, age 7; Junior Girl, Katie Snider, age 4; Senior Boy, Aaron Wojdan, age 9; and Senior Girl, Casie Wakeley, age 8. These lucky four won scooters.

All children at the party went home with prizes; free books and coupons for fast food items for finishing their reading goals.

Card of Thanks

Thank you to the Medicine Shoppe, 7-Eleven, Glen's Market, B.C. Pizza and the Grayling

Casie Wakeley, 8, and Aaron Wojdan, 9, unwrap the scooters they received as prizes through the Crawford County Library's summer reading program as another youngster looks on.

Moore congratulated all the kids who participated in the program for reading during their vacation this year.

The costume party continued with treats and dancing, in other words, living up to the phrase "party animal". Webster, the library cat showed the kids how to do some dances they had never seen before: the "Funky Chicken", "Pony" and "Monkey".

After resting up for a day, kids from Paws, Claws, Scales and Tales, Summer Reading walked in the River Festival parade with the Animal Shelter of Crawford

County float in their animal costumes.

Their "Mewsic, Mewsic, Mewsic" float theme was a perfect match for the library Summer Reading Program "Paws, Claws, Scales and Tales". The "Who Let the Dogs Out" song, which played while the float rolled down Michigan Avenue, made marching and playing musical instruments fun for the "little animals". Parade viewers were delighted to see that not only were the dogs let out but monkeys, elephants, tigers, cats, snakes, wolves, bears, and dinosaurs too.

People to People Program.

Thanks again, Crystal Hardy

Farm Market

Tom Wellman (left) samples some cheese being sold by vendors at a farm market sponsored by the City of Grayling on Michigan Ave. last Saturday. For those who missed it, there will be another farm market event at the city park on August 12 from 10 a.m. to 4 p.m. There is also a farm market scheduled for September 8 in the city park from 2 p.m. to 7 p.m.

Huge land deal proposed for theme park

Continued from Page 1A

a memorandum of understanding with Grayling area officials which made about 1,850 acres of land located east of I-75 available for industrial or commercial development.

In May, the memorandum of understanding was renewed, which was the first of three five-year extensions included in the original pact with the state. The memorandum of understanding is between the DNR and the Crawford County Economic Development Partnership, a committee of county, township and business officials which markets the area to businesses. The original agreement was with the Industrial Development Committee, a former board established by the Grayling Regional Chamber of Commerce, which has since been dissolved.

Freed said Axiom Entertainment is interested in acquiring a majority of the property. State officials, however, are in a holding pattern, waiting for a formal business proposal from

the firm.

"I would suspect that the company is trying to put together everything that they need to make such a proposal," Freed said.

An agreement to move forward with the land deal would require a 30-day review by DNR staff, approval from local governmental officials and a thumbs up from the Michigan Natural Resources Commission.

Kay Cosgray, chairwoman of the Crawford County Economic Development Partnership, said that there are a handful of businesses looking at the property and rumors were triggered by the renewal of the land agreement with the state.

Cosgray, however, said she and other Crawford County Economic Development Partnership board members could not comment on any business proposals.

"Right now, mum is the word," Cosgray said.

Keith Charters, president of the Michigan Natural Resources Commission who lives in

Traverse City, said he has been hearing speculation about the theme park since the spring time.

"The theme park, I know practically zip about," Charters said.

Charters, however, said he believes setting aside the property south of Grayling is a positive move for the region to curb urban sprawl and land fragmentation.

"I think we're better off concentrating growth near the infrastructure," Charters said. "If you don't provide a place for growth, growth will occur every where and we will start to look like anywhere."

Axiom Entertainment is working with the Michigan Economic Development Corporation in hopes of securing \$25 million from the state to make infrastructure improvements to the site. The firm is also seeking an agreement with the state to make improvements to I-75 to provide access to the property.

A website for Axiom Entertainment says the firm's mission is to create the highest quality entertainment that will motivate people physically, spiri-

tually and vocationally to make positive choices. Axiom Entertainment strives to touch the hearts of mainstream audiences with true stories from history, sports or industry and fictional stories woven around deep inspirational truths.

An Axiom Entertainment employee, who asked not to be identified, said it was premature to make statements regarding the proposed business deal.

GRA 10K features more than 110 racers in 2006

Ron Zywicki and Bonnie Karas are this year's overall division winners

More than 110 runners competed in the GRA 10K Race held during the AuSable River Festival on Saturday, July 29.

The annual event, which starts and ends on the track at Grayling High School and includes part of the Wayne C. Koppa paved pathway in its race course, is coordinated by Grayling Recreation Authority. The event also includes a shorter fun run/walk.

The overall male winner for this year's GRA 10K was Ron Zywicki, who finished the course in 0:34:58. Bonnie Karas, who completed the race in 0:44:50, won the women's division.

A complete list of GRA 10K results is available on Page 3B.

Record 272 cyclists leave Grayling for Oscoda during annual race

First place finisher reaches Oscoda after three canoes finish AuSable Marathon

Just minutes before noon on Sunday, July 30, the first finishers in the Avita Water Black Bear Bicycle Tour screamed around the final corner and headed for the finish line less than a block around the turn. Mark Walls of Ann Arbor was the first across the line with an overall time of

just 3 hours, 52 minutes, and 23 seconds. Within half a minute, 36 cyclists crossed behind Walls, each completing the 100-mile trip in under 3 hours and 53 minutes, giving them an average speed of over 25 miles per hour.

A record 272 cyclists competed in this year's Black Bear Bicycle Tour.

Coming in second was Anthony Bruley of Rochester

This year's Avita Water Black Bear Bicycle Tour featured more than 270 cyclists.

Record 272 cyclists leave Grayling for Oscoda during annual race

Continued from Page 1B
 Hills with a time of 3:52:28, five seconds behind the first place rider. The third place position was taken by a tandem cycle with riders Aimore and Phillips, less than a second short of second place. Rounding out the top five were Dave Fanslow of Ann Arbor and Frederick Anderson of Okemos.

Walls, after taking first place overall, had this to say: "It's a beautiful day - a nice day for a bike ride."

When asked if he had any insight for riders who may want

to attempt a ride like the Avita Water Black Bear Bicycle Tour, Walls responded, "It's good to have friends with you."

It was a beautiful day for a ride such as this, indeed. Due to the overcast skies, the summer heat didn't creep in until well into the tour. There were reports from some riders of a few light sprinkles early on in the race, which would certainly help keep them a little cooler.

The Avita Water Black Bear Bicycle Tour kicks off in

Grayling every year on the Sunday following the start of the Weyerhaeuser AuSable River Canoe Marathon. The cyclists give the paddlers an 11-hour head start on their trip to Oscoda, leaving the morning after the start of the canoe race at 8 a.m. The idea is for the bikes to try to catch up to as many canoes as possible in the race to Oscoda. This year three canoes crossed their finish line before the first cyclists made it to Oscoda.

The Black Bear is put on each

year by the Grayling Rotary Club and profits are used to support area cycling by funding events such as the bicycle rodeo, where children and parents can learn about proper bicycle etiquette and safety and even get a free helmet. The money is also used to build bicycle paths and trails in the Grayling area.

A complete list of results for the 2006 Avita Water Black Bear Bicycle Tour is available on the Internet at www.grayling-area.com/blackbear2006/.

Race participants get on their bicycles for the start of the 2006 Black Bear.

Black Bear participants leave for Oscoda from downtown Grayling.

KIRTLAND BASKETBALL

They came to sweat. And sweat they did after playing anywhere from four to six games of basketball in a one-day "shootout" for high school girls sponsored by Kirtland Community College's women's basketball program.

Seventeen teams from as far away as Muskegon, Caseville and Frankfurt attended the second annual Firebird Shootout, on July 9, taking over the gymnasium at the CRAF Center in Roscommon, as well as those at Roscommon's middle and high schools.

"It was a great fund-raiser for us and it brought a ton of people to Roscommon," said event organizer and Kirtland's head women's basketball coach Teresa Stuck. In all, more than 200 girls came to play basketball that day and they brought along their coaches and, of course, plenty of parents.

The mini team-camp event featured non-stop basketball for the girls, against teams they wouldn't necessarily ever play during their regular seasons. Then, after sweating it out all day, the shootout ended with an overtime tournament during which the clock didn't stop.

Stuck said the shootout concept offers a way for teams to condition and keep learning skills during the summer and to assess their skill levels against other teams.

To keep abreast of all the events sponsored by Kirtland's Athletic Department, log on at firebirds.kirtland.edu, or call Stuck at 989-275-5000, ext. 385.

In addition to the state conference honors they received for their high marks in the classroom, the Kirtland's Lady Firebirds women's basketball team has also been listed among the top 38 teams in the country

Junior varsity basketball players from Mio AuSable pitted their skills against a team from Muskegon during the Firebird Shootout at the CRAF Center in Roscommon. The all-day basketball event, sponsored by Kirtland's women's basketball program, drew 17 teams from all over Northern Michigan.

by the National Junior College Athletic Association, based on their cumulative grade-point average.

Members of the 2005-2006 Lady Firebirds together earned an overall team GPA of 3.04 — high enough to earn them a spot on the 2005-2006 Spring Academic Teams-Of-The-Year list.

A standout on the team is Emilee Bruner, of Mio. Her 3.78 GPA netted her the additional honor of being named to the 2005-2006 NJCAA All-Academic list as an Academic All-American.

Kirtland's women's basketball coach and athletic director, Teresa Stuck, strives to nurture

both the scholar and the athlete in her players, but began a push to make academics an even higher priority for her players during the last school year — and the girls took it to heart.

All of this, and the women's team posted more regular-season wins last year — 13 — than have been achieved in any other season in the five-year history of the team.

In addition to Bruner, the 2005-2006 Lady Firebirds team included Rena Barnett, of LeRoy; Onica Jones, of Rochester, N.Y.; Evalyn Bain, of Nassau, Bahamas; Emily Henion, of Frederic; Lizz Stempki, of St. Ignace; Natalie Foster, of Houghton Lake;

Emilee Bruner

Ashley Andrews, of West Branch; and Chelsey Williams, of Houghton Lake.

To learn more about the Lady Firebirds and sports at Kirtland Community College, log on at firebirds.kirtland.edu, or call 989-275-5000, ext. 385.

BASEBALL

The Grayling Merchants baseball team, which consisted mainly of Grayling High School players, recently ended its 2006 season with a split vs. Cadillac.

The Merchants, coached by Todd Hernandez and Rob Aubry, won game one of the series 15-7. Doug Slater was the winning pitcher. Andy Hulbert, Ethan Neuberger, Derek Etzler, Sean Hernandez,

Mitch Hernandez, and Jake Aubry all had hits for Grayling.

Grayling lost the second game 3-2 despite a solid pitching performance from Taylor Desenfants, who is going into 9th grade this year.

"(Taylor) did a great job in his first high school experience," Coach Aubry said.

Josh Stapleton, Brian Mastej, Etzler, and Slater had hits for the Merchants in game two.

Coach Hernandez said he was pleased with the effort of the team in the doubleheader.

The team and games were set up by John Schneider, GHS head baseball coach, to "continue the building process of the high school program," he said.

"Playing in the summer is very important to improve our varsity team for next season," Schneider said. "Players such

as Doug Slater, who did not play last year, get a chance to work on their game."

Schneider said Heads Up North, Skip's Sport Shop, Holiday Inn, Gannon Broadcasting, and Dr. Dean and Dr. Aubry helped support the team this year.

The squad played a 10-game schedule in two weeks, and hopes to play 20 games next year.

Interested in Math & Science? Come Learn From Our Award-Winning Faculty

Surveys show that those who have degrees in math and science often earn some of the highest incomes in the nation. And the experts say that more and more of the best-paying jobs will require a math and science background. So, if you're headed for a bachelor's or advanced degree in math or science, Kirtland is the logical place to start. Learn from our award-winning math and science faculty and get your first two years at KCC, then transfer with confidence to a four-year institution. (And save oodles of money.)

Our math and science facilities are

as outstanding as our faculty. More than 50,000 square feet of new labs and classrooms were part of the college's latest \$15 million expansion. Pretty impressive. We're proud that the American Association of Physics Teachers and the Michigan Mathematical Association of Two-Year Colleges thought so when they held their conferences on our campus.

So if classes like statistics, trigonometry, calculus, astronomy, chemistry, anatomy and physiology, physics, geology, biology and botany (among others) push your hot button, check us out!

Golf scramble to raise money for Special Olympics

Special Olympics Challenge to be held at Skyline Country Club on Sept. 9

Organizers for the Special Olympics Challenge, a four-person golf scramble event that raises money for the Special Olympics, are now registering teams for the event.

This year's Special Olympics Challenge will be held at Skyline Country Club on Saturday, Sept. 9, at 10 a.m. Registration will take place from 8:30 a.m. to 9:45 a.m.

Cost to participate is \$55 per golfer (\$220 per team). The fee covers 18 holes of golf, cart, coffee and doughnuts in the morning, beverages at the turn and on the course, and dinner.

The Special Olympics Challenge will also include a 50/50 raffle, putting contest, door prizes, hole in one contest, and competitions for closest to the pin and longest drive.

To sign up for the 2006 Special Olympics Challenge, complete the attached registration form and send it, with payment, to: Special Olympics Michigan Area 4, 7760 Wildwood Ln., Grayling MI 49738. Make checks payable to Special Olympics Michigan Area 4.

Event organizers are also seeking hole and golf cart sponsors

for this year's golf scramble. Hole sponsorships are \$100 and golf cart sponsorships are \$25. These sponsorships will list the business name, address, contact number, and contact name with a description of the business. To sponsor a hole or golf cart, send a check to Special Olympics Michigan Area 4 at the address listed above marked "Attention: Sponsorship."

Special Olympics Michigan Area 4 covers the counties of Crawford, Roscommon, Ogemaw, and Oscoda.

For more information on the Special Olympics Challenge, contact Bill Brown at (989) 348-9109.

Twenty-seven teams compete in Business Relay Races

■ 'Bikin' Babes' of The Bicycle Shop post the best overall time this year at 08:25.54

Twenty-seven teams participated in Grayling Recreation Authority's Business Relay Races on Thursday, July 27. The event included many returning teams such as Heads Up North and even a few rookies like Done Once Computer Service, all of whom handled the river with simplicity -- or did they?

"It's a course filled with challenges, but these teams take it head on without concern for the many branches and steady stream carrying them against their ideal route," race organizers said.

The "Bikin' Babes" of The Bicycle Shop won the female division and posted the best overall time at this year's Business Relays by finishing the looped course in 08:25.54.

The Penrod's team posted the second best time of the event (08:48.02) and won the male division.

The "Postal Paddlers" of the Post Office placed first in the mixed division with a time of 08:56.25.

"We had amazing volunteers, whose patience assisted the race

Local students compete in AAU basketball tournament

GHS seniors Jim and Mike Boylan recently participated in the Reebok Big Time Invitational

AAU basketball tournament in Las Vegas, Nev. on July 22-26. After competing in five AAU

tournaments with the Central Michigan All-Stars, including a second place finish in the Detroit

Invitational, they were invited to play with the West Michigan Lakers at the Las Vegas tournament. Also invited to play with the Lakers was Luke Adaline, their cousin, a 7'0 junior at Tawas High School.

The team won all three games in their pool, against teams from Washington, Texas, and San Francisco. Competing in the open division they lost a close game to a determined California team and were eliminated from further play. With two other major tournaments taking place during this period over 900 teams were in town for these games.

GRAYLING COUNTRY CLUB NEWS

by Donna Thomson
Wednesday Ladies League

After a one week break due to another rain day on July 26, it was good to be back in the swing on Aug. 2.

Early morning we had quite a thunder storm but by 9 a.m. it started to brighten up. The gals slowly trickled in and I would say at least half of our group made it in.

We waited a bit and then decided to play as it looked like the rains would not return until afternoon. Good decision.

In Flight A, Jeanette Kitchen, Treva McClanahan and Donna Thomson tied for low net of 36 while Balkis Shippy had low putts of 15.

In Flight B, Kay Ellen King had a low net of 35 while Diana Doremire and Sharon France tied for low putts of 17.

In Flight C, Evie Kent again

had a low net of 34 while Rhea Gierke and Gloria Neilson had low putts of 15.

There were no birdies today, but four of us had chip-ins: Rhea Gierke on #5, Marilyn Hartman on #1, Donna Thomson on #1, and Sandy Winkle on #4.

The Cornell Insurance Mystery Hole this week was for closest to the pin on #7 and JoAnn Michal won the umbrella.

Our choices for lunch today were a turkey burger, mashed potatoes and gravy, or a spinach salad with raspberry vinaigrette.

After lunch it started getting a little steamy again, but a few went back out to play another round. Because of the busy weekend so many gals had due to the many activities of our festival, most of us went home and got caught up on house work or just quietly read a book.

That's all "fore" now.

GRAYLING LITTLE LEAGUE

Grayling Little League's major league all-star team recently finished its tournament run in Division 8.

Grayling won its first game 5-3 in extra innings.

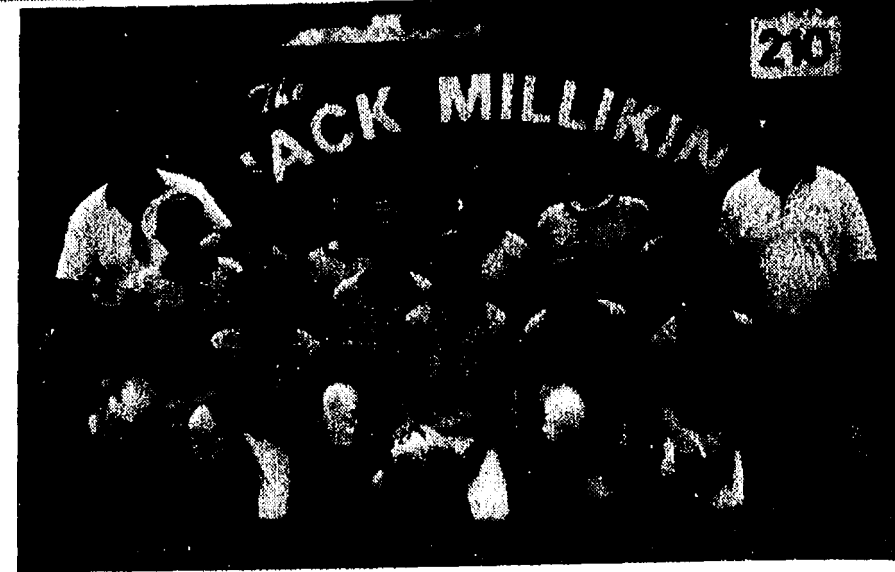

Luke Schneider scored on an RBI single by Steven Enos in the first inning to give Grayling a 1-0 lead. With Zane Tobin pitching, Grayling held Charlevoix scoreless until the fourth inning. Charlevoix scored one run to tie the game at 1-1.

In the fifth inning, Grayling scored two runs on a single by

Chris Phillips to lead 3-1. Charlevoix tied the game in the bottom of the sixth inning on back to back doubles. Tobin posted three strikeouts to end the inning, with the score tied at 3-3. In extra innings, Grayling scored two runs on consecutive singles by David Bergan, Luke Schneider, and Phillips to take a 5-3 lead. In the bottom of the seventh inning, Enos pitched and Grayling ended the game with a double play and a ground-out.

FORECLOSURE

FORECLOSURE NOTICE This firm is a debt collector attempting to collect a debt.

COMBINED NOTICE

NOTICE TO PUBLIC OF NO SIGNIFICANT IMPACT ON THE ENVIRONMENT AND NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS

Date Published: August 9, 2006

Name of Applicant: City of Grayling

Street, City, Zip Code: 1020 City Blvd., Grayling, MI 49738 Telephone Number: 989-348-2131.

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about Friday, August 25, 2006 the above named City of Grayling will request the State of Michigan to release Federal funds under Title I of the Housing and Community Development Acts of 1974 (P.L. 93-383) for the following project:

Michigan Avenue Blight Project

Purpose: Removal of building

117 Michigan Avenue, Grayling, Crawford County, MI 49738

Estimated Cost:

Finding of No Significant Impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above-named City of Grayling has decided not to prepare an Environmental Impact Statement (EIS) under the national Environmental Policy Act of 1969 (P.L. 91-190).

The reasons for such decision not to prepare and EIS are: an Environmental Assessment was done with significant input from the County Environmental officer who determined that an EIS is not required for this project.

An Environmental Review Record respecting the proposed project has been made by the above named City of Grayling which documents the environmental review of the project and more fully sets forth the reasons why an EIS is not required. This environmental Review Record is on file at the above address and is available for public examination and copying upon request at the Grayling City Hall between the hours of 8:00a.m. and 4:30p.m. No further environmental review of such project is proposed to be conducted prior to the request for release of federal funds.

Public Comments on Finding

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the City of Grayling to the City Manager's office on or before August 24, 2006. All such comments so received will be considered and the City of Grayling will not request the release of federal funds or take any administrative action on the proposed project prior to the date specified in the preceding sentence.

Release of Funds

The City of Grayling will undertake the project described above with Community Development Block Grant funds from the state of Michigan under Title I of the Housing and Community Development Act of 1974. The City of Grayling is certifying to the State of Michigan that City of Grayling and Michele Moshier in her official capacity as Interim City Manager consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, City of Grayling may use the Block Grant funds and the state will have satisfied its responsibilities under the National Environmental Policy Acts of 1969.

Objections to State Release of Funds

The State of Michigan will accept an objection to its approval only if it is on one of the following basis: (a) that the certification was not in fact executed by the certifying officer or other officer of applicant approved by the State of Michigan; or (b) that applicant's environmental review record for the project indicated omission of a required decision finding or step applicable to the project in the environmental review process. Objections must be prepared and submitted to the State of Michigan, Michigan State Housing Development Authority, Community Assistance Teach, 735 East Michigan Avenue, Post Office Box 30044, Lansing, Michigan 48909.

Objections to the release of funds on basis other than those stated above will not be considered by the state. No objection received after August 24, 2006 will be considered by the state.

Signature of Certifying Officer

Name: Michele Moshier

Title: Interim City Manager

Address: P.O. Box 549, 1020 City Blvd.

Volunteers needed at Recycling Center

Grayling Township is looking for people who may wish to volunteer time working at the recycling center on North Down River Road. All hours worked can count towards graduation requirements for students, and will satisfy mandatory community service requirements for persons on court probation.

Volunteers will work with a small team of employees sorting and baling recyclables and waiting on the public when they drop off items to be recycled. Any number of hours per week, from 8-to-48, are available for work.

Grayling Township is dedicated to recycling as an earth-friendly service which saves our natural resources and keeps reusable items out of our landfills. Since 1997, the Grayling Township Recycling Center has sent more than 8-million pounds of recyclable items back to markets for remanufacturing.

Interested persons may contact John Wotring at (89) 348-3195 at the recycling center, or Terry Wright at (899) 348-4361 at Grayling Township.

Crawford County Board of Commissioners meeting minutes are now available on the county website: www.crawfordco.org eight days following the scheduled board meeting or may be obtained at the County Clerk's office for six (6) cents per page.

A Grayling Minuteman sculpture was unveiled at Grayling State Bank lawn during Milltown's official coffee break. William Burrick, carved the statue with a chain saw, and Harold Lee painted it.

The new Law Enforcement Information Network (L.E.I.N.) terminal installed at the Crawford County Sheriff Department has been earning its pay scoring "hits" on wanted criminals or runaways. In one month, the system was used more than 1100 times to supply information to the sheriff department, city police, Camp Grayling, DNR, district court, probate court, prosecutor's

office, probation officer, and the Frederic Township Constable. Six wanted persons were arrested after the L.E.I.N. supplied officers with information about the suspect during a traffic stop.

Pride in Grayling and the Crawford County community was reflected last week as hundreds of residents turned out in costume to celebrate the Milltown Festival. According to Don Geiss, public relations director for the Grayling Regional Chamber of Commerce, the community response to the wearing of garb appropriate to the logging era was excellent.

R&H Sports Shop, of Grayling, won the mens' Milltown slow-pitch softball tournament. Barry Ewing of R&H earned MVP honors hitting .714 with two home runs and outstanding play in the field. R&H pitcher Rich Alexander took the Golden Glove Award. Jim Tobin batting .650, Bruce Burkett at .580, and Mike Money with a .580 average added punch to the R&H offense.

The annual canoe carnival is now history, and while not 100 percent success, still the down river trip proved to be the magnet that attracted the crowds. A fly casting contest was split in two classes, accuracy and distance and then the Stephan family proved their prowess at both. John Stephan won first and Norval Stephan took second. Clare Madsen defeated three others in the 200 yard log rolling contest.

Clyde Peterson, Frank Bennett, and Carlyle Brown went to Mt. Pleasant to see the Adamic - Franz fight. The fight lasted only 40 forty seconds.

Grayling was visited by a terrific electric storm Tuesday afternoon which lightening played havoc in the county. Several homes were struck and electric

lights and phones were put out of commission. At the Chris Hoesli and Alfred Charron homes plaster was torn from the walls and all electric appliances were burned out. Clarence Larson of Detroit and Mr. and Mrs. Frank Owen of Flint, who were at the home of Dan Owens were knocked down. It was also reported that John Canfield Jr., of Maple Forest lost a cow that was killed by lightning.

RECIPE OF THE WEEK

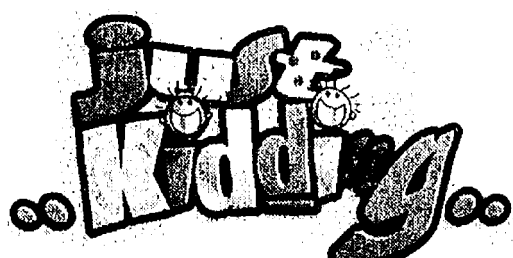

Fresh Avocado Crêpe-Wrap

- | | |
|----------------------------------------|-------------------------------------------------------------------------------|
| 1 1/2 cups diced fresh avocados | 1 cup shredded, smoked, cooked chicken or cooked, chilled crabmeat (optional) |
| 1/2 cup diced cherry or grape tomatoes | Salt and pepper to taste |
| 1 tablespoon diced red onion | 1/2 cup prepared salsa (for garnish) |
| 1/2 cup ranch-style dressing | |
| 4 to 6 Crêpes | |

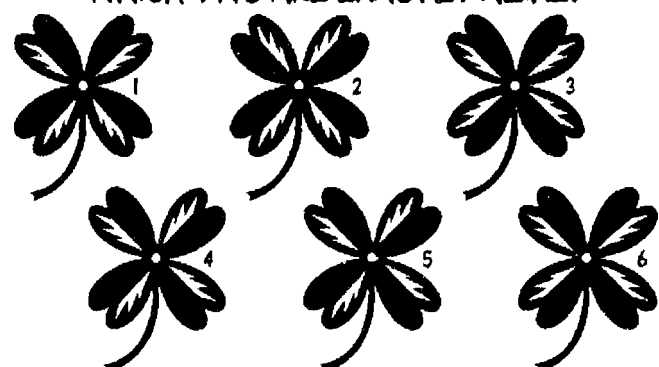

Gently toss avocados, tomatoes and onion in a medium bowl. Pour salad dressing over vegetables and toss gently to combine. Toss in chicken or crab, if desired. To assemble, place approximately two tablespoons of the avocado mixture onto the center of a crêpe. Fold crêpe in half, bottom to top, with fold at bottom and slightly uneven edge at top. Roll left to right, starting from bottom left corner, to create a cone shape with opening at top. Repeat with each crêpe. Place wraps on a serving plate. If desired, place a small dish of salsa in the center of the serving dish for dipping.

HOROSCOPES

For the week of August 10, 2006

December 22-
January 19

A buddy lets you in on a secret. Listen carefully, Capricorn, and don't divulge a word to anyone. An affair of the heart comes to a dramatic conclusion.

March 21-
April 19

You're in a pickle, Aries, and it will take some clever maneuvering to get out of it. A little scheming and saving does wonders for your bank account.

June 22-
July 22

Silence is golden this week. Soak it all in, Cancer. Before you know it, it will be time to jump back on the roller coaster again. Extra cash is a blessing on a brief excursion.

September 23-
October 22

No more fooling you, Libra. You're finally on to them and they can't pull the wool over your eyes any more. A weekend adventure promises great fun.

January 20-
February 18

Advice comes from a young friend who has seen more than you could ever imagine. Pay attention, Aquarius, and take their words to heart. A deadline is extended at work.

April 20-
May 20

The claws come out in a heated conversation. Excuse yourself, Taurus, and get it together. Someone in authority is watching. A change in pace takes place at home.

July 23-
August 22

The risks increase in a proposition. Listen to your gut, Leo, and bow out if needed. There is no shame in admitting you were wrong and safeguarding your livelihood.

October 23-
November 21

Cheer comes from an unlikely source. Be grateful, Scorpio, and make a mental note to return the favor some day. A challenging health problem comes to light.

February 19-
March 20

Not another word, Pisces. You've said your piece and it's time to let others express themselves. Only then will a solution arise. A weekend chore proves easy.

May 21-
June 21

Fun takes precedence over work this week. Loosen up, Gemini, and accept some after-work invites. Sunny days pump up enthusiasm for an outside project.

August 23-
September 22

You've wasted one too many opportunities, Virgo, and you're about to pay the price. Put away your anger and chalk it up to inexperience. Next time, you'll know better.

November 22-
December 21

A friend strikes a gold mine. Be there to congratulate them, Sagittarius. A flip-flop of furniture makes a huge improvement in the traffic flow of your home.

TO THE PEOPLE of Crawford County. I am one of the individ- uals that had broken into the Frederic Elementary School, and had stolen the laptop computers. I would just like to say that I have had an alcohol and drug problem for some time. I'm not trying to blame what I did on the alcohol or drugs. I know what I did was wrong. And I know now by doing what I did, I was depriving people of their education. I am going to face my punishment. And when that is over, I am going to make life better for me and also my fiancé and my son. In closing, I want to apologize to my community and my family for my impulsive mistake. Sincerely, Larry Love. 7-20-06. (-10/8)
